

Advance Utilities Project

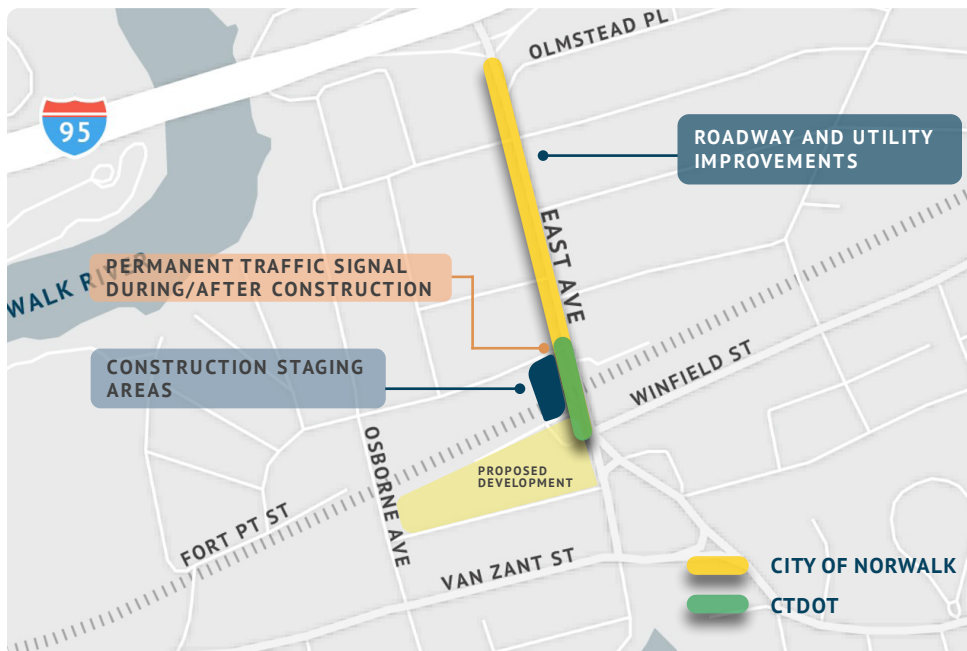

East Avenue

Commuters and residents in the vicinity of East Avenue in East Norwalk, CT can expect significant infrastructure upgrades to underground utilities in the area. The work is scheduled to commence in Summer 2021 and will include full closures and detours. Utilities will be upgraded and if necessary, replaced and relocated to accommodate further infrastructure improvements.

UTILITY IMPROVEMENTS

- New electrical, cable TV, fiber trunk line wires in East Norwalk
- Lower telephone conduits under East Avenue bridge
- New sewer pipe and water main under East Avenue bridge
- Replace City communication fiber on a new route, providing improved redundancy

SUMMER 2021

2.5 YEARS

\$15 MILLION
Approximate Construction Cost

INTERMITTENT LANE CLOSURES AND DETOURS ANTICIPATED

To safely accommodate underground utility upgrades, anticipate intermittent lane closures and temporary nightly roadway closures on East Avenue. The posted detour route directs all traffic along Fort Point Street to Van Zant Street.

- One-way alternating traffic patterns along East Avenue between Winfield Street and Olmstead Place
- There will be a series of weeknight and weekend closures throughout the 30 month timeframe
- Intermittent East Avenue road closures from 8:00 PM to 6:00 AM
- Weekend closures from 8:00 PM Friday to 6:00 AM Monday
- Electronic Variable Message Signage (VMS) and posted detour signage will be placed in advance of any roadway restriction and closure
- Advance notices of all detours will be posted on the Walk Bridge Program website, and targeted outreach notices will be issued to the traveling public via e-blasts, social media posts, and direct mailers
- No anticipated closures or detours during major planned local events
- East Avenue will not be closed during weekends in July and August and all holiday weekends

Advance notice will be provided for any closure via VMS boards, advance warning signs, and public outreach notices.
